

Multi Sizes Centrifugal Fan Impeller

Metal

Plastic

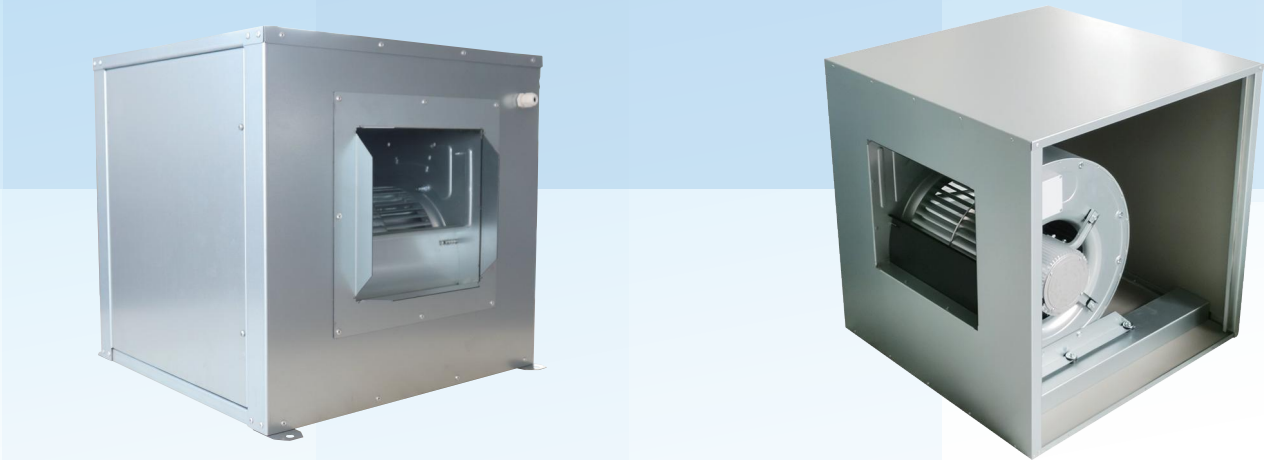

Professional Manufacturer of AC/EC Motor Centrifugal Fan OEM & ODM

Key Features:

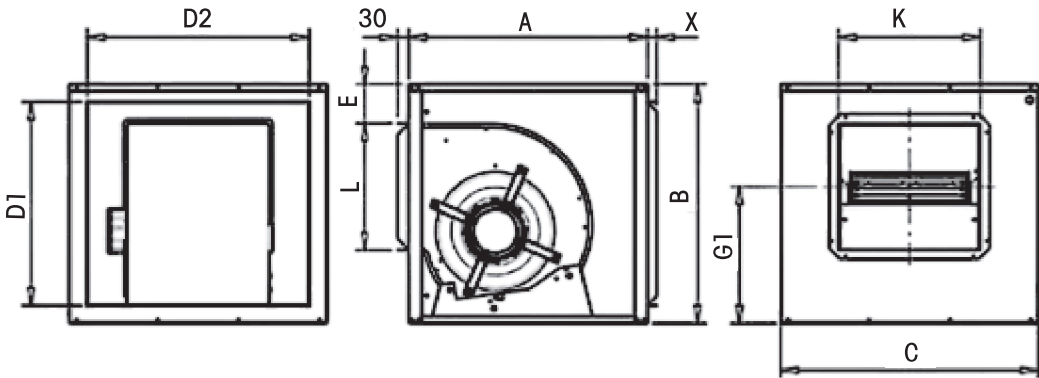

- Galvanized steel housing and impeller, with plastic impeller for choice
- Equipped with high efficient AC or EC motor
- Air volume models from 600 to 6500 m3h, let you size efficiently for ventilation system
- From the direction of the motor and cover, the fan rotates in a clockwise direction
- The motor can be placed on the left or right side of the air outlet
- 0°90°180°270°four air outlet directions are available

fans: 7/5 7/7 8/8 8/7 9/9 9/7 10/10 10/8 12/12

Product Description	AC/EC MOTOR DIRECT DRIVE FANS
Item Number	LKZ/SYZ series
Power by	Direct driven AC/EC motor
Housing	Galvanized steel sheet
Main Sizes	7/5-150W Max Air Flow 1200m³/h
	7/7-250W Max Air Flow 2000m³/h
	8/8-300W Max Air Flow 2300m³/h
	8/9-370W Max Air Flow 2800m³/h
	9/9-550W Max Air Flow 3200m³/h
	10/8-600W Max Air Flow 3600m³/h
	10/10-750W Max Air Flow 5000m³/h
	12/9-900W Max Air Flow 4000m³/h
	12/12-1100W Max Air Flow 6500m³/h

Product Description	Box-type Motor Fan
Item Number	BMF series
Power by	Direct driven AC motor
Available size	7-7; 9-9; 10-10; 12-12
Housing & Impeller	Galvanized steel sheet
Motor	Single phase AC 115V/230V 50/60 Hz
Speed	Single speed
Air flow range	2000 / 3200 / 5000 / 6000 m³/h
Application	air purification & ventilation
